

FRED'S IS BACK

Ed Roginski (right) and **Clint Bair** re-opened **Fred's Bowling** in Roscommon July 4 and plan to reopen **Fred's Dining & Cocktails** in September.

The Detroit area residents said they were attracted to Fred's because of its reputation. "It was a landmark and we hope to get it back to that landmark," Bair said.

The building, which has been closed for three years, is undergoing a complete makeover. "Cosmic bowling" is scheduled for Saturday nights, with black lights and laser lights to make balls, shoes and the carpet glow, plus a fog machine and

music from a premium sound system. Leagues are forming.

When the restaurant opens, it will have a new oak floor and "the old Fred's atmosphere," Bair said. That will include casual and fine dining, with everything from burgers & pizza to steaks, prime rib and seafood. For information, call (989) 275-6565.
